This product is a HIT!

I love the idea of a natural peanut butter that doesn't give you carpal tunnel while stirring the contents ... and the aroma of this Earth Balance Peanut Butter is dead on, however I do find that the recipe has just a bit too much flax seed which detracts from the peanut-y taste. The label's a little confusing, but I love that this company states exactly how many milligrams of Omega3s there are in each serving – 320! Available in other flavors. Retails for \$4.49 / 16 oz.
